ASSISTANT DEAN ADMINISTRATIVE EXPERIENCE

Full-time managerial position of Assistant Dean for the College of Science & Mathematics | School of Health Professions at Rowan University serving approximately 4500 majors.

Coordinated course scheduling and resolved issues regarding student registration, including significant interaction with department chairs, faculty, other assistant deans, and academic schools

Advised faculty and students regarding university policies related to student concerns (e.g., grade disputes, complaints) and overseeing the academic probation and dismissal process for the college/school

Facilitated student-focused events and meetings (e.g., Open Houses, New Student Orientations, Awards Ceremonies, Commencement)

Served as the college's liaison to campus offices such as the University Advising Services, Academic Success Center, Office of the University Registrar, Admissions, Office of Winter & Summer Sessions, International Center, Dean of Students/Student Affairs, Academic Affairs, etc.

Coordinated Departments' efforts in implementing Learning Assistant, Peer Mentoring, and Tutoring programs.

Ensured Departments' progress regarding learning outcomes assessment processes and reports

RESEARCH EXPERIENCE

- 2005-2008 Postdoctoral Research Scientist
Department of Psychology, Wesleyan University, Middletown, CT
Supervisor: Lisa Dierker, Ph.D.
Acquired training in secondary data analysis utilizing nationally representative datasets with complex sampling designs (e.g. National Comorbidity Survey-Replication, National Survey on Drug Use and Health) and administrative datasets (CT Department of Child and Families assessments). Acquired training in pattern-centered statistical approaches (i.e. latent class analysis, classification and regression tree) and related statistical software (i.e. SAS, LatentGold, CART). Gained additional experience in developmental psychopathology, publication and grant writing and supervised various student research projects.
- 2000-2005 Research Assistant
Department of Psychology, Kent State University, Kent, OH
Advisor: Doug Delahanty, Ph.D.
Supervisor for R01 NIMH funded grant "Psychophysiological predictors of posttraumatic stress disorder (PTSD) in motor vehicle accident (MVA) victims". Involved in all aspects of the prospective longitudinal study investigating predictors and correlates of PTSD among MVA victims. Duties included coordinating in-hospital and follow-up interviews, collecting physiological specimens (i.e. urine, saliva, and blood samples), administering psychosocial questionnaires, and managing the database (i.e. SPSS).
- 2004-2005 Doctoral dissertation, Department of Psychology, Kent State University
Recruited undergraduate females who had experienced an interpersonal trauma and conducted a psychophysiological laboratory study examining cardiovascular reactivity (i.e. heart rate, heart rate variability) in response to a trauma recall task.
- 2000-2003 Master's thesis, Department of Psychology, Kent State University

Conducted a psychophysiological laboratory study examining gender differences in cardiovascular reactivity in response to an acute stressor. Acquired training in the use of psychophysiological equipment (i.e. impedance cardiography, blood pressure assessment).
