

## **Rowan Success Network and Rowan Tutoring Center**

The [Rowan Success Network \(RSN\)](#) powered by Starfish® is the online communications program designed to make it easier to connect you with the resources to be successful at Rowan. Throughout the semester, you may receive emails from the RSN team regarding your academic performance. You should pay attention to these emails and consider taking the recommended actions.

The University Tutoring Center is also available free of charge to all Rowan students. You may utilize the scheduling tools on [RSN Starfish®](#) to make appointments, including tutoring and advising, at your convenience. More information can be viewed on the [University Tutoring page](#).
