

# Placement Testing and Enrollment in Freshmen-Level Math Courses

Rowan Mathematics Department

[www.rowan.edu/math](http://www.rowan.edu/math)

February 2015

## Elementary Algebra Basic Skills (Accuplacer) Placement Test (by computer)

All new Rowan students are required to take the Elementary Algebra Basic Skills Test to demonstrate proficiency in basic algebra. Students are exempt from taking this test if they score at least 550 on their Math SAT, or 24 on their Math ACT. Students who are exempt are ready to take a freshmen-level college math course at Rowan, **except for** Calculus I and Calculus T&A (see College-Level Math (CLM) Placement Test (CLM) Test below). The following gives the Accuplacer scores and what a student can do with that score:

1. Students who score 61 or less are placed into Math 01.094 Basic Algebra I
2. Students who score between 62 and 76 are placed into Math 01.095 Basic Algebra II
3. Students who score at least 77 are ready to take a freshmen-level college math course (**except** Calculus I, and Calculus T&A; see College Level Math Placement Test below).

Students are allowed to retake the test once.

## College-Level Math (CLM) Placement Test (by computer)

Any student wishing to enroll in either Math 01.130 Calculus I (STEM majors), or Math 03.125 Calculus T&A (Business majors) **must** also take the College-Level Math (CLM) Test. A score of 60 is needed to be placed into a calculus course. Students are allowed to retake the test once.

Enrollment in Calculus I: Student must meet one of the requirements:

- Minimum score of 60 on CLM Test
- Minimum score of 600 on SAT Mathematics score
- Minimum score of 27 on ACT Mathematics score
- Minimum grade of C- in Math 01.122 Precalculus (or equivalent) when course is successfully transferred (or sufficient documentation is accepted by the Department of Mathematics).

Enrollment in Calculus T&A: Student must meet one of the requirements:

- Minimum score of 60 on CLM
- Minimum score of 600 on SAT Mathematics score
- Minimum score of 27 on ACT Mathematics score
- Minimum grade of C- in Math 01.123 College Algebra or Math 01.122 Precalculus (or equivalent) when course is successfully transferred (or sufficient documentation is accepted by the Department of Mathematics).

## Placement Testing (Testing Services)

For more information, or **to schedule a test**, please visit the Placement Testing website ([http://www.rowan.edu/studentaffairs/asc/testing/placement\\_testing/](http://www.rowan.edu/studentaffairs/asc/testing/placement_testing/)) or email [testingservices@rowan.edu](mailto:testingservices@rowan.edu).
